

## Business Week Overview

**Monday (5/20): Entrepreneur Resource Fair** - Introduce Entrepreneurs to resources they may need for their business and become familiar with some of the businesses they will be working with throughout the course of the week.

**Tuesday (5/21): Financial Education Day**- Educate participants in financial literacy to learn how to manage money both personally and professionally. This day will touch on the importance of a credit score, how to decipher finance charges and added fees, accounting for variable expenses, and more as it pertains to opening or running a business and ongoing business banking.

**Wednesday (5/22): Wills for Heroes** - This program offers attorneys approved by the Florida Bar who will draft personalized wills and health care advance directives to all military members, Veterans, first responders and their spouses/partners located in Hillsborough County. When first responders arrive, they will sit with an attorney to provide information needed to create their legal documents. The attorney will then review the documents with the first responders to ensure they are accurate and understood. When the documents are finalized, they will be signed in the presence of on-site witnesses and a notary, so that documents are effective immediately. Appointments to reserve a time slot are highly recommended.
