

Annual Report 2022-23

Dear Friends, Donors, and Champions of Hillsborough Community College,

Happy New Year! I am both honored and delighted to address you in my new role as Executive Director of the Hillsborough Community College Foundation. Special recognition and gratitude are due to the former leadership of Executive Director Steve Shear* and Director of Development Lee Lowry*, as they were so effective bringing in philanthropic support to the college. As I assume this role, I extend my heartfelt greetings to our dedicated community of donors, partners, faculty, staff, and students.

It is with immense enthusiasm and a profound sense of responsibility that I embrace this opportunity to lead our Foundation, an organization deeply committed to nurturing educational excellence and supporting the aspirations of our diverse student body. The Hillsborough Community College Foundation has a rich history of making education accessible and transformative, and I am excited to continue this legacy alongside each of you.

While I am relatively new to this role, I have had the privilege of witnessing the outstanding work of the Foundation and the college itself. I have seen the tremendous impact that our collective efforts have on the lives of our students and, by extension, the entire community. Your dedication, generosity, and unwavering support have paved the way for countless success stories, and I am committed to building upon that foundation.

In the coming year, we will strive for innovation, collaboration, and a shared vision for the future. We will focus on expanding our scholarship programs, strengthening partnerships with local businesses, and enhancing the resources available to our students, faculty and staff.

As we embark on this journey together, I invite you to join us in our mission to empower the next generation of leaders, professionals, and change-makers. Your involvement and support are critical to our success, and I am excited to work closely with each of you to make a meaningful difference in the lives of our students and our community.

I look forward to getting to know you, hearing your ideas, and working together to ensure the continued success and growth of the Hillsborough Community College Foundation. The potential we hold within our grasp is limitless, and I am eager to explore the endless possibilities that lie ahead.

Please review the annual report for last year and let us know if you have further questions or need more detailed information. Thank you for your unwavering commitment to the Hillsborough Community College Foundation, and I am excited to embark on this coming year's remarkable journey with you.

With gratitude,

L. Garrett Weddle
Executive Director

New Leadership Level Gift:

Marchner Family Endowed Scholarship

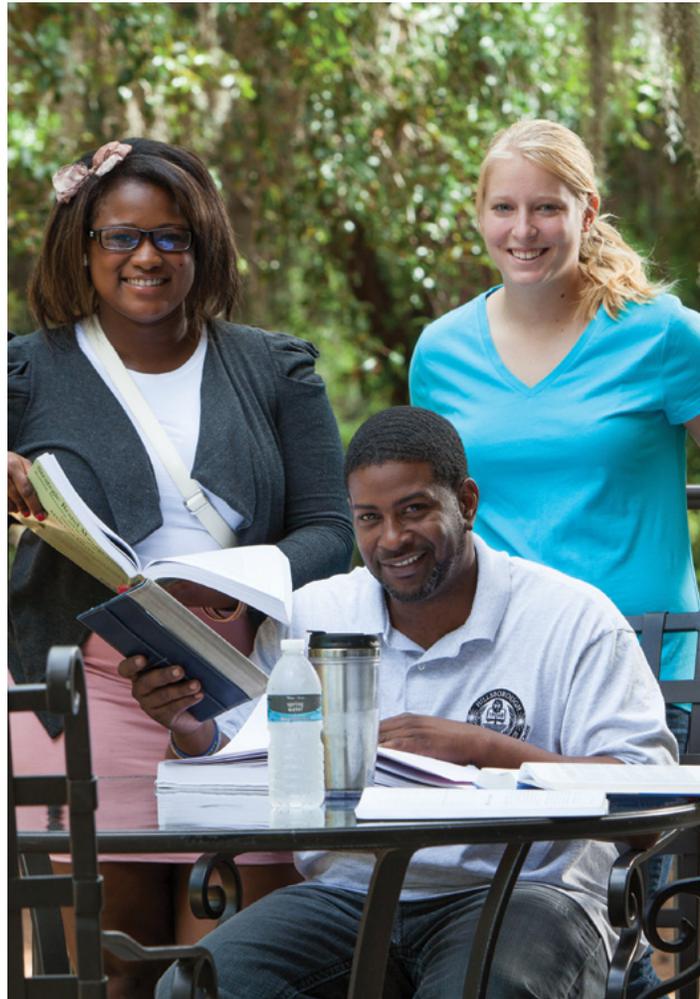

In the spirit of gratitude for their Plant City roots, siblings Tom Marchner and Margaret 'Peggy' Marchner Martin have bestowed a gift of \$235,000, establishing the Marchner Family Endowed Scholarship at HCC. Their philanthropy, a testament to the profound impact of higher education, aims to open doors for aspiring students from the community that means so much to them.

This scholarship, a beacon of opportunity, was created with a specific vision — to empower a Plant City student to pursue excellence at HCC-Plant City. The criteria include enrollment in an AA/AS or workforce certification program or in the BSN Program and maintaining a GPA of 2.5 or higher.

The siblings, products of Plant City who successfully graduated from Florida State System universities, understand the transformative power of education. Their gift is fueled by a deep-rooted desire to assist students who share their hometown and comprehend the life-altering potential of education.

"We want to empower students from our hometown, instilling in them the significance of education as a catalyst for life improvement. A scholarship serves as a beacon—enabling them to navigate their academic journey without financial burden. In doing so, we hope to help change the trajectory of the recipients' lives and leave an enduring mark on the educational landscape of Plant City, a place that we hold dear in our hearts."

Tom Marchner and Margaret "Peggy" Marchner Martin.

NEW SCHOLARSHIP:

Dr. Martha Kaye Koehler Memorial Scholarship

This past year, HCC lost one of its most beloved employees, General Counsel Martha Kaye Koehler. Dr. Koehler joined the College in 1985 after graduating from Stetson Law School. MK as she was known, provided steady, thoughtful leadership to 5 HCC presidents and their administrations throughout her 38-year career. Her work on behalf of the College and its students, included the development of countless contracts, policies and procedures that affected the day-to-day operations, in addition to helping the College successfully navigate the development of new campuses, and programs in pursuit of our strategic priorities. MK was dedicated to serving HCC with professionalism, fairness and integrity and her work has and will continue to impact this community for generations.

Martha Kaye's family, friends and the college community created the Martha Kaye Koehler Memorial Scholarship to honor her life and provide financial assistance to the deserving students and programs that she devoted her entire career serving. Her legacy at HCC also lives on through her daughter Ryann who joined the HCC family in the Marketing and Public Relations Department this past year.

"Care about how decisions impact others while making sure you always believe in yourself."

Martha Kaye Koehler, HCC General Counsel

NEW ENDOWMENT:

Pradip Patel First Generation Matching Scholarship Fund

One of HCC's most generous donors, Pradip, "P.C." Patel continued his history of giving with another significant gift to the Hillsborough Community College. Reflecting an appreciation of the transformative power a college education can have for students, their families, and the community, P.C. has provided HCC with a gift of \$425,000 that will go towards first-generation scholarships. This latest gift will bring his giving total to the College to nearly \$1M.

With the establishment of the Pradip Patel First Generation Matching Scholarship Fund, each \$1 given by the Patel family will be matched with \$2 by the State of Florida's First-Generation Matching Grant Program, tripling the impact of these scholarship dollars. The gift pledged as \$85,000 each year for the next five years, also ensures that HCC will be able to meet the matching requirements of the state program for the next five years.

FILLING THE NURSING PIPELINE

LINE Grant

To incentivize collaboration between nursing programs and healthcare partners to meet local, regional, and state workforce demands, The Florida Legislature funded the Linking Industry to Nursing Education (LINE) Fund during their 2022 session. Designed as a statewide competitive grant program, Hillsborough Community College was selected as a grant recipient which provided the College with an opportunity to match the grant with donations from our healthcare partners on a dollar-for-dollar basis.

Through the generosity of HCA, Tampa General Hospital, Florida Blue, and AdventHealth, HCC received over \$325,000 in support of our goal to meet the increased demand for bedside nurses post-pandemic in West Florida. HCC was able to award over \$130,000 in scholarships to nursing students and purchase \$100,000 of new

equipment including manikins, task trainers, auscultation manikins, IV pumps, IV Poles, and new hospital beds for our Plant City and SouthShore nursing programs. The grant will also enable the College to enhance the recruitment of new nursing students and expand placement opportunities both during and after nursing school.

“Now, more than ever, we need to recruit and train highly qualified nurses to meet the growing demands of our community,” said Dr. Leif Penrose, HCC’s Dean of Health Sciences. “With this investment from the Florida Legislature and our healthcare partners, HCC was able to develop a multi-faceted approach to expand enrollment, improve retention, and increase successful passage of the NCLEX-RN to help meet this critical workforce shortage.”

“Receiving this scholarship has not only eased my financial burden but has also encouraged me to pursue my dreams in digital marketing. Your generosity and support has given me more confidence to believe that I am going in the right direction and that good things come if I work hard and remain focused on my goals.”

Sanaa Johnson, Recipient of the Elizabeth Smith Endowment Scholarship

THE 1968 LEGACY SOCIETY AT HILLSBOROUGH COMMUNITY COLLEGE

The Foundation created The 1968 Legacy Society to commemorate the year of the College's founding. The Society is comprised of those who share our vision of serving the ever-evolving educational needs of our students and who make a commitment to that vision by making a planned gift.

Should you choose to include HCC in your estate plans, we would be honored to know of your intentions so we can acknowledge you as a member of The Society. Members will be recognized in our publications and on our website, and will receive a lapel pin to identify them, as well as being invited to an annual special thank-you event.

Bequests from a will or trust are the most common way to leave a planned gift to the HCC Foundation. Some people set aside a certain dollar amount. Others leave a percentage of the estate or assets left over after providing for their family. Others have made the Foundation the beneficiary of 401K/IRA plans or life insurance policies, or have established a Charitable Gift Annuity or a Charitable Remainder Trust. All qualify a person, a couple, or a family for membership in The 1968 Legacy Society.

To learn more, contact the HCC Foundation at 813.253.7165 or foundation@hccfl.edu, or visit us online at HCCFoundation.com/PlannedGiving.

"I am delighted to be part of HCC's planned giving for a simple reason: HCC is family!! I consider our students to be the most important part of that family and want to be sure that HCC can continue to serve them and that they can afford to attend. I want HCC to be their "home," as it is mine!"

FACULTY AND STAFF SUPPORT

This year's Employee Campaign, themed Love Gives, was an expression of the value held for what we do here at HCC. Our faculty and staff believe deeply in our mission and are inspired to give back through their financial support. We were delighted that once again, so many employees participated in this year's campaign and that we were received an increase of donations from existing and new donors, as testament to the love the HCC family shares for the work being done on behalf of our students at the College and for each other.

Led by each Campus President, each campus chose a funding priority with the unique needs of their students in mind. These included beautification projects, new lighting and signage to enhance public safety, as well as the creation of inspiring spaces for students to gather or study. Scholarships also remained a primary focus for giving. As an added incentive for campus giving, the William Gregory Foundation generously matched \$1,000 for each campus for new donors, donors who increased their gift, and new recurring gift donors who gave towards the campus priority.

CAMPUS PRIORITY LIST

Brandon: The Brandon Campus Employee Campaign Committee set a fundraising goal that will enable the campus to create outdoor flex spaces that would highlight the outdoor nature of the campus and create places that students can gather for interaction and engagement in addition to spaces for quiet study.

Dale Mabry: The Dale Mabry Campus Campaign Committee goal focused on increasing support to beautify several outdoor spaces on the campus. The campus will look forward to adding flowerbeds, installing new umbrellas for the tables, garbage cans, and freshening up fresh paint job with the funds that they raised.

Ybor City: In response to student survey results, the Ybor City Campus Campaign Committee focused on raising funds to support campus safety enhancements. As a result, they will be installing additional lighting and signage in campus parking lots and garages and purchasing a golf cart for Public Safety to provide escort services.

Plant City: The Plant City Campaign Committee's priority was to raise dollars to honor beloved faculty member Joseph Kitchens. The campus will be establishing the Joseph Kitchens Memorial Fund which will be used to create a scholarship or campus memorial to honor his memory.

SouthShore: Through the success of their fundraising, the SouthShore Campus will be implementing a beautification project to enhance the new SouthShore Campus entryway from Shell Point Road.

In addition to the campus priority projects, thanks to our employee donors we were also able to help support our students financially through scholarships, students like Selina, who as a single mother of two small children attended HCC full-time while working full time as well.

"I believe in in the power of education and perseverance. Hence, it is why being given this scholarship not only motivates me, but also allows me to persevere."

Edith Dominguez, Recipient of the Krewe of Sant'Yago Education Foundation Scholarship

“Receiving a scholarship will allow me to continue my education and lighten the burden financially. It has been very challenging but I am determined to reach my goal to become a Nurse. I am finishing my pre-requisites and will be applying to the Nursing program this year. This scholarships award is greatly appreciated; I can’t thank the donors enough for this wonderful gift.”

The impact of their decision to demonstrate financial support to the education and advancement of our students is a testament to the love held within the HCC Community, there for Love Gives!

FOOD 2 FINISH

Food insecurity continues to be a challenge faced by far too many HCC students. It is well documented that such hardship affects students' ability to be successful. Working with faculty and staff on the campuses, the Foundation established Food 2 Finish in 2018 to help provide access to food and other necessities for this particularly vulnerable student population.

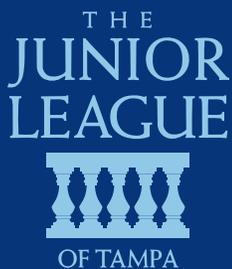

The College maintains its strong partnership with Feeding Tampa Bay who hosted Groceries on the Go pop ups where students were able to shop with vouchers or purchase items at a reduced cost at each of the five HCC campuses in addition to the Ybor Campus Training Center. Feeding Tampa Bay continues to provide drive up food distribution for members of the community through their mega pantry at our Dale Mabry Campus.

Other Food 2 Finish events included a snack and meal bag grab and go event where extra food, period products, and pet food were available for students to take with them prior to spring break at the SouthShore Campus.

With funding provided by the Dale Mabry Student Government Association and the Foundation, we were able to celebrate the reopening of the newly remodeled Dale Mabry Campus Food Pantry. More than 200 students were provided a free lunch and even more shopped on the pantry on opening day.

This past year also brought a new partnership between Food 2 Finish and Mercy Full Project to provide students with pet food assistance. This collaboration also gives HCC students access to internships, volunteer opportunities, pet fostering, and pet adoption with Mercy Full Project.

Thank you to the The Junior League of Tampa for providing the HCC Community with period products and diapers throughout 2022-23. We look forward to continuing this partnership for years to come.

"I recently decided to quit my full time job to stay at home more to take care of my grandmother and to focus on my studies, especially since this upcoming term is shorter and I am sure it will be very challenging. Being awarded this scholarship was just another sign that this IS the right path for me."

Brianna Cortese, Recipient of the Nicole L Kelso Scholarship

"I work at my local Publix Supermarket now and I have always wanted to impact my community through my work. I want to work as an analyst who focuses on customer satisfaction using macroeconomic trends within communities that shop at Publix. This scholarship will enable me to achieve my goals to improve community satisfaction on a large scale."

Ryan Alfe, Recipient of the Ed DeBusk — Tampa Bay Federal Credit Union Scholarship

Donors

THE HCC FOUNDATION IS GRATEFUL TO ALL OUR DONORS,
AT EVERY LEVEL, FOR THEIR GENEROUS SUPPORT.

ANNUAL REPORT JULY 2022 TO JUNE 2023

This list recognizes cumulative gifts received between July 1, 2022 and June 30, 2023.
Every effort has been made to ensure accuracy. Please inform the HCC Foundation of any errors.
